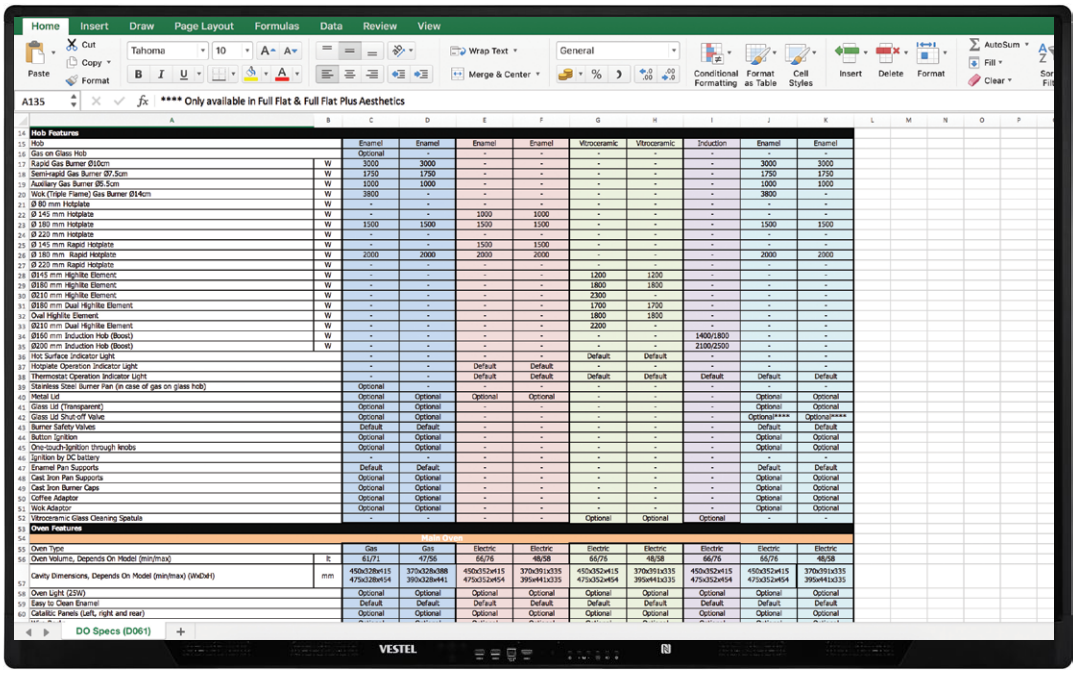
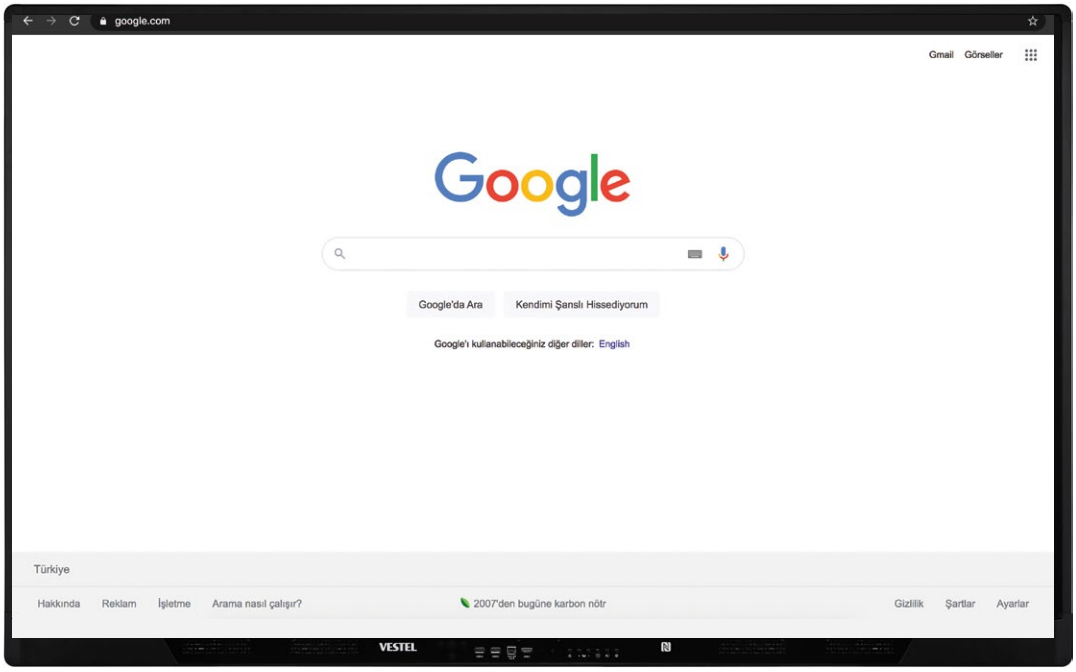
Whiteboard Application for Flawless Teaching Experience

The new IFX+ Series offers a compact whiteboard application design for teachers with the required tools to annotate, draw or highlight using 2 different tip sizes with auto-recognition, add texts and media to work on during classes. Whiteboard application can quickly open any cropped screenshots with any annotation done over any source. Latest features also include infinite canvas, background templates and QR/Email sharing.



Open/Edit Documents with OfficeSuite

Experience unparalleled productivity with the OfficeSuite application, designed to empower users to open, edit, and write into any document, spreadsheet, or presentation on their IFPD files and folders. With OfficeSuite, you can seamlessly work on your files and folders with ease, while streamlining your workflow and maximizing your productivity.



Internet Browser to Access Internet Content for Classroom

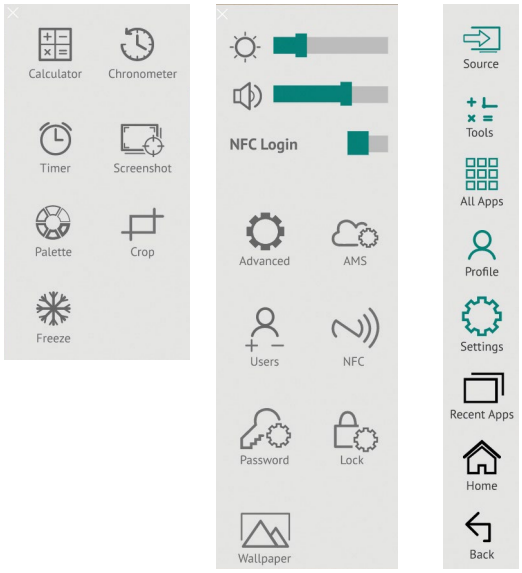
Elevate your teaching experience with the IFX+ series, equipped with Chromium as the default internet browser, providing seamless access to the internet. With the help of the quick palette tool, teachers can effortlessly annotate on top of internet content, allowing for a more interactive and engaging classroom. Save annotated content and work on it more effectively, taking your lessons to the next level.

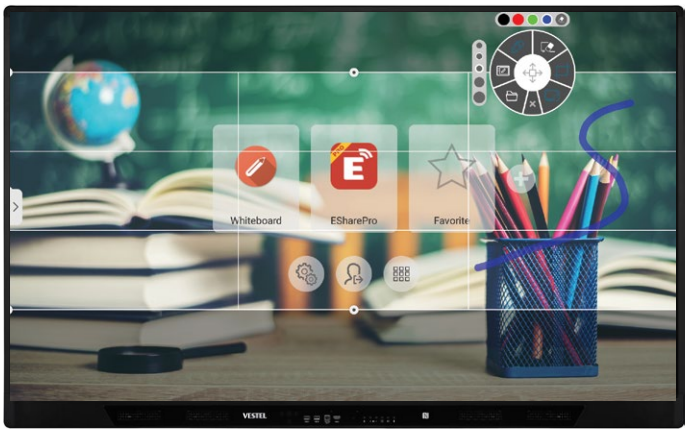
Quick Tools and Settings

The usage of IFX+ Series becomes more efficient and easy, with the new quick tools (Calculator, Chronometer, Timer, Screen Capture, and Crop) and quick settings (volume/brightness settings, Screen Lock, NFC Settings, and more) for teachers.

Enhanced User Experience

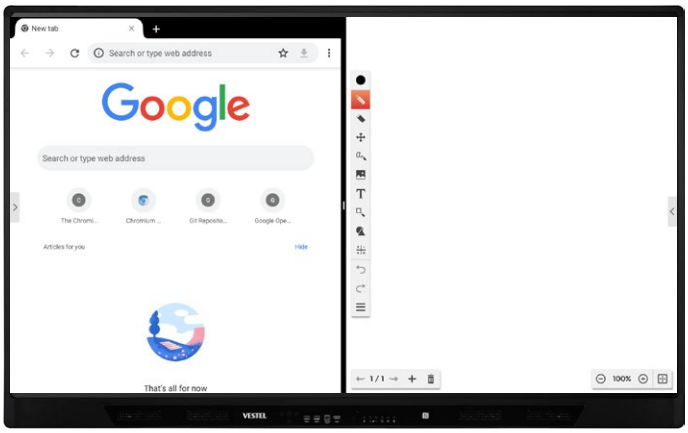
The IFX+ Series creates a tailored teaching experience while offering a unified Navigation Toolbar. New User Interface unites all the necessary tools for teachers to shape the classroom environment.





Flexible Pen Usage on Any Content

The newly introduced Quick Palette tool provides teachers with the needed tools to annotate on any classroom content and/or any Source. Quick Palette tools include features such as pen and highlighter, screenshot, and screen-crop.

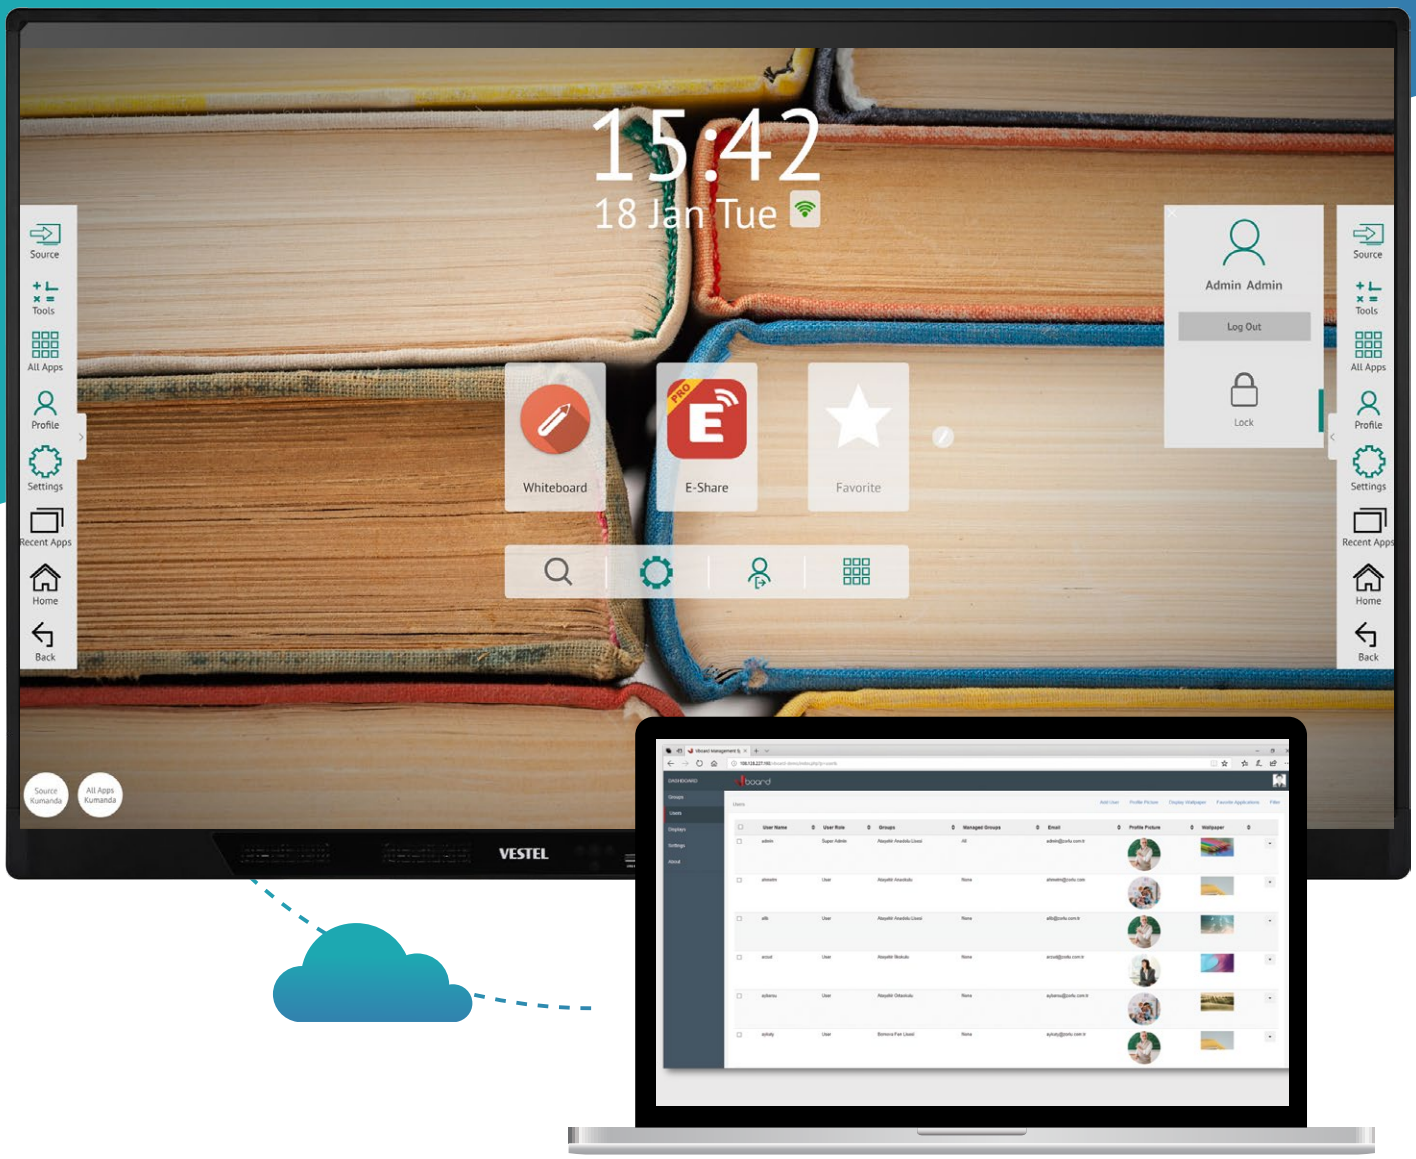


Picture by Picture

Split Screen Feature allow 2 different applications to be opened at the same.

Powerful Speakers

2x20W front-facing speakers can easily be effective even in the largest classrooms without any need to add external speakers.



Vestel Account Management System

Transform your classroom management with the cloud-based Vestel Account Management system, designed to empower IT managers to securely set up teacher profiles.

The system offers a range of features, including user/password creation and NFC ID settings, UI customization for background and profile images, and favorite app selection for users. With display and group management, you can easily manage and control your devices with commands, streamlining your workflow and enhancing your productivity.

And with upcoming features such as urgency/warning messages, app installation, predefined background images, and device control commands, the Vestel Account Management system is the ultimate classroom management tool that you don't want to miss out on. Take your classroom management to the next level with Vestel Account Management system.

Wireless Screen Sharing

Empowers users to share any external content without any cables.

Utilizing embedded Wi-Fi technology the new IFX+ Series provides Eshare application, multi-screen interactive screensharing tool.

Using only QR codes, users can connect to the display by any device (Windows, Android, MacOS, iOS, Chrome), create Multiscreen experience, and annotate on the display wirelessly.

Distance Learning

With Vmeet, IFX+ series can create meetings, join the meetings and share the educational material to any student. Addition of distance learning solution facilitates the teacher's reach to the students outside the class.
